

Aspire Knee Walker

The Aspire Knee walker, an easy-to-use knee scooter, provides a mobility support solution for people who cannot bear weight or have difficulty using traditional crutches.

- Provides mobility support to a person with an injury below the knee by supporting half of the body weight on the walker and half on the uninjured leg.
- Adjustable knee pad height catering to a large range of people.
- Added safety and control with dual hand brakes.
- Easy outdoor manoeuvrability with 8" wheels.
- Efficient storage with a fold-down mechanism.

 Contract approved
