

SideStix Discovery Crutches

The Discovery is our lightest model of SideStix. Without any moving parts and requiring no maintenance, the Discovery can handle the toughest conditions that you throw at it including water, sand, and mud.

- Best for people who only walk shorter distances (under 1km) and have a more relaxed walking style.
- Custom built based on your measurements
- Choice of 3 different cuff styles; Side, Front, 3/4
- Choice of 2 different grip styles; SideStix Fingrip or Ergon Biokork GP-1
- Choice of Lower tubes; Carbon Fibre or Aluminium (+200g per tube)
- Leather cuff pads
- Aluminium (6061) forearm assembly
- Shock absorber with adjustable preload
- 5" height adjustment
- Fetterman Tornado Tips
- Breaks down easily for travel or storage
- High quality kit bag & tools
- Compatible with all accessories and attachments
