

Aspire Comfy Sleeper Chair-Bed

Seamlessly transforming from a snug lounge chair into a supportive sleeping surface, this chair caters to the needs of loved ones who wish to stay close to their hospitalised family members. The chair is upholstered in medical-grade silicone vinyl, meeting rigorous infection control standards while delivering unparalleled comfort and functionality.

- **Infection Control:** Designed with antimicrobial foam and medical-grade silicone vinyl. It not only meets stringent cleaning requirements for acute care but also enhances the user’s sleeping experience.
- **Versatile Transformation:** With an intuitive single-hand activation, the chair effortlessly transforms into a comfortable sleeping surface. This dual-purpose design conserves space and offers loved ones the opportunity to stay close to the patient in a hospital setting.
- **Effortless Assembly:** The chair can be quickly assembled and disassembled without the need for any tools, making it user-friendly and convenient.
- **Easy Mobility:** Equipped with recessed locking castors, the chair ensures easy positioning and accessibility, enhancing user experience.
- **Optimal Comfort:** The chair provides a completely flat sleeping surface, designed to maximize rest and relaxation, ensuring a comfortable stay for the user.
