

Aspire PostureFit Lift Recline Chair

PostureFit Configurable Lift Recline Chairs offer adjustable and adaptable seating and options designed to provide unparalleled postural support and comfort.

- **Head and Neck Support:** Whether you want to read, watch TV, or simply relax, the effortless electric headrest adjustment allows for convenient support and positioning of your head and neck which reduces strain.
- **Zero Gravity Tilt in space:** Creates a feeling of weightlessness and effectively redistributes sitting pressure away from vulnerable bony prominences, assists with oedema, and relaxes muscles.
- **Relieve Tired Legs and Enhance Circulation:** Independent legrest facilitates leg elevation with heel support. Recline to a comfortable position to reduce limb swelling, improve blood circulation, and alleviate fatigue.
- **Targeted Postural Support and Interchangeable Backrests.**
- **Air Cushion Technology:** Fitted within the seating support is a sectioned air cushion that provides targeted pressure relief and is segmented to ensure upright positioning is maintained.
- **Medical Grade Foam:** High-density foam allows for prolonged periods of sitting.
- **Integrated Footrest Extension:** Suits most user heights without the need to alter the legrest or height of the chair. The leg extension can also be easily removed for users with specific heel care needs.
- **Battery Backup** ensures chair can be used in the event of a power outage or if moved between rooms during the day
