

PRODUCT UPDATE

Aspire Assist 3 & Transit 3 Wheelchair UPDATE!

Aspire Assist & Transit Wheelchairs will be rebranded as Assist 3 & Transit 3, replacing the current Assist 2 & Transit 2 models. The physical product design and features remain largely unchanged, with the exception of enhanced armrests.

ASPIRE ASSIST 3 – SELF PROPELLING WHEELCHAIR

Aspire Assist 2	Aspire Assist 3
 A side view of a silver metal wheelchair with a black seat and backrest. It has large rear wheels with spokes and smaller front casters. The armrests are standard.	 A side view of a silver metal wheelchair, very similar to the Assist 2 model. It features a black seat and backrest, large rear wheels with spokes, and smaller front casters. The armrests appear slightly different in design compared to the Assist 2 model.

PRODUCT UPDATES

ASPIRE TRANSIT 3 – ATTENDANT PROPELLED WHEELCHAIR

Aspire Transit 2	Aspire Transit 3
 A side view of the Aspire Transit 2 attendant propelled wheelchair. It features a black fabric seat and backrest, silver metal frame, large rear wheels with handrims, and smaller front casters. The wheelchair is shown from a three-quarter rear perspective.	 A side view of the Aspire Transit 3 attendant propelled wheelchair. It features a black fabric seat and backrest, silver metal frame, large rear wheels with handrims, and smaller front casters. The wheelchair is shown from a three-quarter rear perspective, similar to the previous model but with updated frame details.
